Bibliographic Info	Review Source (citation only)	Reason	Cost
<p>American Psychological Association. (2009). <i>APA concise dictionary of psychology</i>. Washington, DC: American Psychological Association.</p> <p>ISBN 9781433803918, 1433803917</p>	<p>Thomas, S. E. (2010). [Review of the book <i>APA concise dictionary of psychology</i>, by APA]. <i>ARBA</i>.</p> <p>Petersen, E. S. (2009). [Review of the book <i>APA concise dictionary of psychology</i>, by APA]. <i>CHOICE</i>, Jan.</p>	<p>This title circulates at only 1 I-Share library. It provides definitions for about 10,000 terms. This book would be good for psychology researchers and also could provide useful in practical application for sociologists, social workers, educators, and health care practitioners</p>	<p>APA: \$39.95</p>
<p>Balcetis, E., & Lassiter, G. D. (2010). <i>Social psychology of visual perception</i>. New York: Psychology Press.</p> <p>ISBN 1-84872-804-2, 9781848728042</p>	<p>Cormack, R. H. (2011). [Review of the book <i>Social psychology of visual perception</i>, by E. Balcetis & G. D. Lassiter]. <i>CHOICE</i>, Feb.</p>	<p>This title is held by 4 I-Share libraries. It brings together a variety of recent visual perception studies of relevance to social psychology, which is not typically covered in social psychology texts. It provides references at the end of each chapter that provide resources of interest for researchers.</p>	<p>Psychology Press: \$62.96 (hardback or ebook)</p>

<p>Benjamin, L. T. (2007). <i>A brief history of modern psychology</i>. Malden, MA: Blackwell Pub.</p> <p>ISBN 1-4051-3205-1, 140513206x, 9781405132053, 9781405132060</p>	<p>Milar, K. S. (2007). [Review of the book <i>A brief history of modern psychology</i>, by L. T. Benjamin]. <i>CHOICE</i>, Jan.</p>	<p>Although this title is held by several I-Share libraries, Dominican does not currently have any recently published books relating to the history of psychology (most recently published was in 1993). This title would be a good addition to the collection and would be useful as a supplement to assigned course reading for students studying psychology.</p>	<p>Wiley-Blackwell: \$35.95 (pbk) \$21.50 (ebook)</p>
<p>Butler, G., & McManus, F. (2011). <i>Psychology</i>. New York, NY: Sterling.</p> <p>ISBN 1-4027-7903-8, 9781402779039</p>	<p>Heberle, J. F. (2011). [Review of the book <i>Psychology</i>, by G. Butler & F. McManus]. <i>CHOICE</i>, May.</p>	<p>This title is not held by any I-Share libraries. It provides an overview of the discipline that is clearly written. This would be a good book for students that are trying to decide if they are interested in studying psychology. It is geared towards novices of the subject.</p>	<p>Sterling: \$14.95</p>

<p>Doctor, R. M., & Shiromoto, F. N. (2010). <i>The encyclopedia of trauma and traumatic stress disorders</i>. New York, NY: Facts on File.</p> <p>ISBN 9780816067640, 0816067643</p>	<p>Zutis, A. (2010). [Review of the book <i>The encyclopedia of trauma and traumatic stress disorders</i>, by R. M. Doctor & F. N. Shiromoto]. <i>ARBA</i>.</p>	<p>This title is only circulated by 3 I-Share libraries; other libraries holding this title shelf as a reference resource. Trauma and stress have been and continue to play a large role in society. These issues are exacerbated by terrorism and war. This book will be a good resource for students researching these types of disorders as well as members of the community that may be grappling with these issues in their lives. An index and cross referenced entries provide useful access points to the information and an extensive bibliography and appendices provide further information.</p>	<p>Infobase Publishing: \$75.00 (hardback or ebook)</p>
<p>Harré, R. (2006). <i>Key thinkers in psychology</i>. London: SAGE.</p> <p>ISBN 1412903440, 9781412903448, 1412903459, 9781412903455</p>	<p>Bellelli, A. (2007). [Review of the book <i>Key thinkers in psychology</i>, by R. Harré]. <i>Metapsychology Online Reviews</i>, 11.9.</p>	<p>This title is only available through 1 I-Share library. A complete and concise critical analysis, it addresses 20th century psychology from ten different approaches. Harré discusses the conflicting theories of modern psychology and the authors that developed and examined them.</p>	<p>SAGE: \$47.95 (pbk) \$129.00</p>

<p>Sternberg, R. J. & Sternberg, K. (2010). <i>The psychologist's companion :a guide to writing scientific papers for students and researchers</i>. New York : Cambridge University Press.</p> <p>ISBN 9780521195713, 9780521144827</p>	<p>Hysell, S. G. (2011). [Review of the book <i>The psychologist's companion :a guide to writing scientific papers for students and researchers</i>, by R. J. & K. Sternberg]. <i>ARBA</i>.</p> <p>Condic, K. (2011). [Review of the book <i>The psychologist's companion :a guide to writing scientific papers for students and researchers</i>, by R. J. & K. Sternberg]. <i>CHOICE</i>, Apr.</p>	<p>The 6th edition of this title would provide a much needed update to the collection (currently hold 3rd edition from 1993). The update includes changes to the APA style guidelines.</p> <p>This is a complete revision of this book that now includes information on and additional resources relating to getting papers published and grant writing. This book would be useful for students as well as faculty.</p>	<p>Cambridge University Press:</p> <p>\$32.99</p>
<p>Stewart, W. (2008). <i>A biographical dictionary of psychologists, psychiatrists and psychotherapists</i>. Jefferson, N.C. : McFarland.</p> <p>ISBN 9780786432929, 0786432926</p>	<p>Hsieh, M. L. (2009). [Review of the book <i>A biographical dictionary of psychologists, psychiatrists and psychotherapists</i>, by W. Stewart]. <i>ARBA</i>.</p>	<p>This title is available at 4 I-Share, but is non-circulating. It provides information on over 400 individuals who have contributed significantly to the fields of psychology, psychiatry, and psychotherapy since 1700. References to additional resources are provided for further study as well as features including a timeline and lists of specialists arranged by discipline.</p>	<p>McFarland :</p> <p>\$75.00</p>

<p>Thompson, W. B. (2011). <i>Visual perception from a computer graphics perspective</i>. Boca Raton, Fla: CRC Press.</p> <p>ISBN 9781568814650, 1568814658</p>	<p>PSYCHOLOGY. (2011). <i>Reference & Research Book News</i>, 26(4), 4-8. Retrieved from EBSCOhost.</p>	<p>This title is only owned by 1 I-Share library. It presents an interesting perspective on visual perception that would interest students and professionals working with computer graphics as well as cognitive scientists and visual neuroscientists. It can be used for psychology and computer graphics courses.</p>	<p>CRC Press: \$69.95 (hardback or ebook)</p>
<p>Tyson, P. J., Jones, D., & Elcock, J. (2011). <i>Psychology in social context: Issues and debates</i>. Chichester, West Sussex, UK: Wiley-Blackwell.</p> <p>ISBN 9781405168243, 9781405168236</p>	<p>PSYCHOLOGY. (2011). <i>Reference & Research Book News</i>, 26(4), 4-8. Retrieved from EBSCOhost.</p> <p>Beins, B. C. (2011). [Review of the book <i>Psychology in social context: Issues and debates</i>, by P. J. Tyson, D. Jones, & J Elcock]. <i>CHOICE</i>, Oct.</p>	<p>The most recently published book relating to psychology in social context by all I-Share libraries was published in 1979. This title would be valuable not only to Dominican's collection, but also to other libraries within our consortium. The book highlights key debates about the assumptions, practices, and claims of the discipline.</p>	<p>Wiley-Blackwell: \$99.95 \$44.95 (pbk) \$79.99 (ebook)</p>
